

Date: December 8, 2005

Dear Mental Health Professional:

## **SUBJ: Pharmacy Resources for KY Medicaid Members**

The Kentucky Department for Medicaid Services and First Health Services Corp. want to ensure that mental health providers have access to current pharmacy information.

### ❖ **Visit the pharmacy website**

<http://kentucky.fhsc.com/pharmacy/default.asp>

- Mark this site as a “favorite”
- Use it as a primary resource for answering questions related to pharmacy benefits for Kentucky Medicaid members.
- For the Preferred Drug List - click on the “Provider” tab, select “Drug Information”.

### ❖ **Note the Prior Authorization numbers**

- Managed Access Program/Prior Authorization:  
1-800-477-3071 (24 hours per day/7 days per week)
- Mental Health Provider Prior authorization FAX line:  
1-800-453-2273

### ❖ **Review the Preferred Drug List Quick Reference on the following pages**

- The content of this chart may change upon periodic P & T committee review of these therapeutic classes. *Always consult the web site for the most up-to-date information.*
- **SSRIs and New Generation Antidepressants** (including SnRIs) were reviewed at the November 2005 P & T meeting. P & T recommendations are outlined on the website. Anticipate the recommended changes to become effective sometime during the first quarter of 2006. Click on the “Committees” tab on the website for details.

Sincerely,

Carrie Lovell, Pharm. D.  
Pharmacy Account Manager
