Pharmacy Provider Notice #124 – February Updates

March 4, 2011

Dear Kentucky Medicaid Provider:

Please be advised that the Department for Medicaid Services has made the following changes to the Kentucky Medicaid Pharmacy Program.

On **February 2, 2011**, Kentucky Medicaid began to require prior authorization for **Amturnide™** pending review for permanent PDL placement by the Kentucky Medicaid Pharmacy and Therapeutics Committee. The following product(s) are currently preferred:

- Tekamlo® (ST)
- Tekturna® (ST)
- Tekturna HCT® (ST)
- Valturna® (ST)

On **February 9, 2011**, Kentucky Medicaid placed **Abstral®** as a **non-preferred** product on the Preferred Drug List (PDL) with a Tier 3 copay.

Thank you for helping Kentucky Medicaid members to maintain access to prescription coverage by selecting drugs on the preferred drug list whenever possible.

Please note that for future prior authorization requests, Magellan Medicaid Administration is now offering real time service! Please contact the Clinical Support Call Center at (800) 477-3071 to speak with a live agent. The only drugs that are now required to be submitted via fax are Brand Medically Necessary, Suboxone/Subutex, Synagis, and Zyvox.

Sincerely,

Kasie Purvis

Provider Relations Manager
